

Full range of consumable items available for sale e.g. cutting and grinding discs, safety goggles, masks, etc. Damp-proof fluid, carpet shampoo, bottled propane and butane gas and much more.

Why Hire?

1. *No capital outlay*

So you can use your valuable capital for other purposes.

2. *No repair bills*

We pay for all normal repairs and servicing of equipment.

3. *For maintenance and safety*

Electrical equipment is checked on an approved Earth Core Insulation Tester. Lifting gear, compressors, Pressure vessels are regularly tested as required by H.M. Factory Inspectorate. We particularly draw your attention to the Abrasive Wheel Regulations 1970, part of which requires that only trained personnel may fit abrasive wheels to machines on your site or premises. Goggles, Gloves and other protective clothing should be worn when using most of the equipment listed.

4. *Convenience*

We offer a comprehensive range of items for use with the hired machines i.e. discs, cartridge nails, sanding sheets, damp-proof fluid and many, many more. In addition if you buy in quantity we allow discounts on the value of any order over £100.00.

5. *Economical payment*

You get the best equipment at reasonable rates. Just compare the cost of buying and maintaining a piece of plant and the cost of hiring it at the times when you want it!

6. *Tax relief*

Remember when hiring, the charges are a TRADING EXPENSE, therefore affording FULL TAX RELIEF.

7. *No idle plant*

You hire only when you need the equipment.

8. *For technical advisory service*

We are exclusively portable equipment hirer's and as specialists we endeavour to ensure that you get the best tools for your job, and are available to advise on site tools and fixings required. We can demonstrate any hire equipment without obligation and assist with your technical problems.

9. *Customer information leaflets.*

These leaflets have been designed to portray information. For on-site safe handling and operation of the equipment.

10. *Reliability*

Remember that every item listed has been tried and proven under rugged hire conditions and this is your guarantee that it is the best equipment available anywhere.
